

FAROOK COLLEGE

PM INSTITUTE OF CIVIL SERVICES EXAMINATION

REPORT

2022 NOVEMBER- 2023 JANUARY

THE PATH

Farook College being one of the pioneer institutes of higher education in Kerala has made an imposing presence in promoting modern education in the socially and educationally backward Malabar area, since 1948. The educational output of the college rather called the Farook Movement with its rich tradition of imparting education in the latter half of twentieth century brought into effect a paradigm shift in the cultural profile of the community in this part of country. From its humble and impoverished beginning, it has grown to an educational campus producing thousands of graduates with bachelor and master degrees spreading across the world.

When the Farook College started an exclusive Centre of coaching for Civil Services Examination in 2001 with the support of PM Foundation, it was a debut in selecting and grooming the young talents for the prestigious Civil Services Examination on a college campus particularly on a minority educational institution campus. The Institute switched to complete civil Services main Examinations oriented classes from 2007 onwards.

Farook College PM Institute of Civil Services Examination has undertaken a mission of rigorous coaching with a programme of delivering the curriculum framed for both preliminary and main examinations by the Union Public Service Commission (UPSC). When we look back at the Institute and introspect the way it works for more than one decade, the Institute has grown in to a prominent civil service coaching hub in the State. The initiative has materialized a good number of dreams in to reality. The process is on and contributing its share in competitive learning for Civil Service Examination in India. The Institute offers Scholarships to eligible candidates on the basis of merit-cum-means.

A committed faculty with an ideal vision and rich experience in the civil services examination coaching motivates the candidates for their overall academic and personality development. The present shift in the modus operandi of the selection of aspirants by Union Public Service Commission (UPSC) gives extra fillip to the relevance to this kind of coaching. An exclusive residential facility is provided on the campus for the students of this coaching programme.

SPECIAL PROGRAMMES

2022-23

MODEL TEST PROGRAMME 2022-23

The institute started a one year long model test preparation programme for the regular batch students with an idea of ‘ One Week One Exam ‘ , which will conduct every Fridays. The primary feature of the programme is that the test are completely based on the UPSC pattern to give students the real time experience and environment of the examination and boost their preparation. Both Prelims and Mains model tests included in the programme. The questions in these tests will a great mix of static along with current events associated with each subject.

MAINS 2022 – TEST SERIES

In the Civil Services Mains Examination, answer writing plays a crucial part and remains the most important component of this three stage exam. A high score in Mains, more often than not, guarantees a better final rank. We at PM Institute, have been observing trends of the Mains exam for more than a decade now. First, our expertise lies in framing Mains questions that not only adhere to the UPSC standard but also help aspirants cover the better part of the syllabus in a holistic manner. Second, we have developed considerable expertise in evaluating the answers that an aspirant write and in providing valuable feedback. Our 2022 Mains Test Series completed in September.

CURRENT AFFAIRS BOOSTER PROGRAMME 2022-23

This programme is mainly designed for our Regular Batch students who are preparing for the 2023 Civil Services Examination . Current Affairs is by far the most essential part of the GS papers, and it is also likely the most difficult to grasp. Because so many questions in the prelims and mains are based on current affairs, figuring out what is important and what is not can be difficult. We've created this programme in an innovative way to help students overcome these challenges, develop conceptual clarity, and equip themselves with the knowledge and understanding they'll need to master current affairs in the shortest time possible, which is a requirement for any aspirant to clear the exam.

ESSAY WRITING PRACTICE FOR 2023 MAINS

The programme is complete solution for Essay writing for UPSC Mains examination. UPSC essay paper carries a total of 250 marks comprising 2 essays in total (125 marks each). Leaving behind writing a good content of 1000 to 1200 words to mere chance is a grave error. This programme works as a continuous practice platform for students to improve their writing skill. The essay paper will go for multiple evaluation process. The essay evaluation process is headed by Mr. Kamalkutty IAS (Rtd).

MONTHLY CURRENT AFFAIRS MATERIAL 2022-23

Current Affairs plays a very important role in both the prelims and mains. Thus, maintaining a monthly compilation of current affairs is highly recommended. It is extremely important to keep a note on the major news and happenings that affect us socially and politically. Not only should one be aware of the facts, but also be able to analyze the news, dissect it, and evaluate it from different dimensions while preparing for the IAS Exam.

With this view, Our institute introduced an exclusive Monthly Current Affairs Magazine in July 2022. In this magazine, we provide all the important news of the month neatly classified and analysed.

CLUB OF PRELIMS 2023

Club of Prelims is an exclusive preliminary exam preparation platform of our Regular students who are writing Preliminary examination in May 2023. At COP, the students will conduct discussions, debates, section wise test paper discussions, previous UPSC IAS examination question papers analysis etc.

STUDENTS MENTORING PROGRAMME 2022-23

The Institute has designed the most tailor-made individual mentoring programme for regular batch students to help them excel in the 2023 prelims and mains exam. We have designed an individual performance chart which will analyse every month with the students. The mentors will help fine tune their prelims and mains strategy and assessment will be completely based on their performance in the weekly exams.
